Pain Points

For current students

- ① No class schedule and classroom location
- ② No cafeteria
- ③ Lack of services for students (Pool, Gym, Yoga or Pilates class...)
- ④ Have to use different app and ID to access to the grades
- ⑤ Take time swiping my ID to get into the building

STUDENT

Goal 1

It pushes notifications and alerts for your class schedule and classroom location (even for any changes in the schedule) before reaching to school.

Goal 2

It shows where you can get student discount near your location on the map and you can get discount automatically when you add your digital ID. You can also pay in the app, so you don't need to wait in the restaurant. Just pickup your food!

Goal 3

You can find gym, pool, pilates, and yoga classes where you can get discount and you can pay in the app with your digital ID

Goal 4

You can find your grades in your account page

Goal 5

You can add your digital ID in your app.
① No need to be in line to swipe your ID
② get discount automatically at restaurant, gym, pool etc.
