# Greece

This is an island popular with people interested in alternative tourism, the kind of people who are more likely to be doing yoga at sunrise than seeking out the latest trendy cocktail by night. Dramatic natural surroundings bring out the nature lover in everyone- the island has not one but three mountains: Krokellos at 821m, Prophet Elias at 699m, and Korakas at 528m, and of course also wild and beautiful beaches. Agrotourism and activities centered around physical and spiritual wellness draw a select crowd to this Cycladic gem.

# Korea

There's always something exciting happening in South Korea's dazzling capital city of Seoul. From fashionable and technology-driven architecture, shopping districts and pop culture, to the remains of Buddhist temples, palaces and street markets; the city takes on an intriguing blend of modern and traditional.

Highlights in Seoul include a visit to Gyeongbok Palace to watch the Royal Palace Guard Changing Ceremony; the National Folk Museum, showcasing traditional life in Korean history; Insadong Antique Alley, where many antique stores, art galleries and secondhand book stores can be found; Jongmyo Royal Shrine, a former place of worship that is now a UNESCO World Cultural Heritage site; and N Seoul Tower, the second-highest point in Seoul where you can get panoramic views over the city.
