REMOVE POINTS,
can't be used on
things if you're
buying from people
and not a company.

Add advanced
search option to
get to what you
need faster and
more precise

Make sure to
have clear icons

Add a rating
system for users to
rate the people
they buy from/inter-
act with

Verification is
good!!!

Not many things were said that need to be changed, added or fixed. Overall design was approved of, so there is not much i can put on the affinity map, but i have a lot of good notes from the usability test.
