↳ 'create meeting' button

↳ confirmation message

↳ meeting link

## Join Meeting Page

↳ Meeting Code textbox

↳ don't connect audio checkbox  
don't connect video checkbox

# Results NOTES: (from meeting)

- For join meeting pg: instead of 'don't connect audio/video' have 'reconnect audio/video)
- For create meeting pg: add a share button
- For during meeting display: add a little chat bubble in each persons' square to be able to chat w/them individually, so as to keep that separate from the group chat.
