Let's get started!!!

Explore the landscape

What do you think first if you heard the name Iceland? It might be the land of ICE... You can visit the great glacier and even walk on it. The beautiful place to see the sun rising from the field of ice.

What you can do

If you are an adventure person, why don't you try exploring icecave? Inside the cave, all the world would be beautifully blue... If you wish to try this, you should go there in winter. Use the tour to go icecave, because you have to go there with special car that can run on ice.

You can walk on the ice!!

Geyser

Hot water came up from the earth. You can see the great geyser in Iceland. The height of geyser is up to 7 meters high. It is gorgeous to see it! Also you can find that the color of ground is changing because of their special water. Don't go too close because it is really hot!

Attention!

it is really hot...Don't touch!

After the adventure

Blue Lagoon

Still have time? You can also go Blue lagoon to refresh your body. You can get into the hot spring with the great mountain view. The hot water is blue and makes you feel romantic.

If you are interested in beauty care, you can try mud face pack in this lagoon. It refreshes your skin. Don't forget to moisture your face after packing.
