18 - What were the most effective aspects of this course?

Response Rate 7/12 (58.33%)

- The online textbook lessons and step-by-step videos were extremely detailed and effective in helping me learn at my own pace and practice along with them.
- The Photoshop book was fantastic and I plan on using it well after this course is over. Favorite class on Open Campus so far. Valerie's feedback was helpful and encouraging, she gave me a lot of confidence for Photoshop projects going forward. The pace of the book and distinct lessons each week were great.
- The book
- Following the Adobe classroom in the book exercises. And the consequent tailored feedback from Valerie on those exercises.
- The textbook chosen for this course was extremely helpful. The professor's video tutorials helped me understand the assignments.
- Instructor was quick to respond and assist with any questions-which is much appreciated with an online course, especially. It's easy to feel disconnected without a classroom environment, but I felt I could connect with the instructor in a timely manner.
- Using the Photoshop Classroom in a Book coupled with Prof. Taylor's class videos was very helpful for understanding the "how" and the "why" behind the software various tools and the how professional creatives use them in the real world. I appreciated the extra information. All of the extra videos created by the professor helped me more effectively use the tools. I also liked the ability to work freely without a set class time to meet, and the interaction with other students in the class.

19 - What, if any, suggestions do you have for the course?

Response Rate 6/12 (50%)

- The final portfolio project should have an extra week to work on!
- Maybe making the discussions more mandatory so that every student needs to contribute. That way we can all learn from each other and gain additional perspective on the lessons.
- The demos should follow the book
- Consider adding in the online course description the book which will be used, in order, to have from the onset of class.
- I had to use my laptop to submit the assignments/do assignments in Photoshop and at the same time, use my tablet to look at the digital textbook. This was the best and most efficient way to complete each assignment. It would be great to set future students up for success knowing this.
- I wish it was a week or two longer.

20 - Please comment on your instructor's teaching effectiveness:

Valerie Taylor

Response Rate 5/12 (41.67%)

- Hard to gauge from an online class but she responded to questions in a timely matter and gave positive encouragement.
- Awesome instructor, really encouraged learning through great work as opposed to doing work just to get a good grade (as some other Parson's instructors do). She gave me a lot of confidence for the future.
- This course was positive in a sense that it pushed me to practice Photoshop following the exercises of the book that the instructor recommended. The weekly demos of the instructor were very confusing forgetting that she was speaking to beginners. It was easier just to stick to the book only. The few questions I had were not really answered.
- Valerie contributed helpful feedback, links, and tutorials to flesh out the material from our exercises in the book. Thank you.
- Excellent. Terrific feedback and helpful critiques with pointed recommendations on how to improve your skill using the various tools.

21 - Other Comments?

Response Rate 2/12 (16.67%)

- Ms Taylor's online lectures are boring. She herself seems confused in the lectures especially when she runs into any problem...which makes us (the students) confused as well.
- Really enjoyed this class!
