Walls, drapes color and throw pillow center color

I thought it would be fun to design my dream family room – a study in shades of blue. I envision a dark blue velvet couch flanked by club chairs and ottomans in a lighter blue tweed fabric. I see this room being grounded by a silver/white silk rug with a blue border. The walls, drapes and throw pillows would be a creamier white with trim in the same blue border as the rug. The end tables flanking the couch would be a cherry or mahogany wood.
